PROJECTS

Today I Learned

May 2023-Present

- Implemented a full stack website wherein the user can read facts and can add their facts.
- The facts which are factually wrong are being displayed as disputed.
- Made using HTML, CSS, JavaScript and React.

Learn-Aid

March 2023-Present

- Collaborated on a Flutter app with a Firebase backend, connecting mentors to NGOs for teaching children in grades 1-5. Handled the front-end part.

<https://github.com/DiyaSingla/Learn-Aid>

Personal Portfolio

February 2023-Present

- Created a personal portfolio for practical implication of my knowledge on Web Development.
- Made using basics of HTML, CSS and JavaScript.
- Made this project for exploring the domain.

POSITION OF RESPONSIBILITY

Public Relations Coordinator of TAARANGNA (The Annual Cultural Fest)

Managed the PR of college fest Taarangna where it was to handle social media and digital platform to gain maximum follower and publicity of our fest. The basic aim was to make people aware of our fest.

Event Management Coordinator TAARANGNA (The Annual Cultural Fest)

Was part of organizing team where we organized a game stall in the fest with a team of four members to guess movie titles and characters. It was on the spot game where a lot of students participated. It involved the development of tasks and questions for the event.

Informal Team Associate INNERVE (The Annual Technical Fest)

Organized the college technical fest Innerve, with a team of seven students where we had two different events on two consecutive days. The technical fest had a footfall of 5000+ students and more than 40 teams participated in each event.

Desh Ka Mentor

A certified member of Delhi Govt initiative for government school students to make them aware about technical education.

GENERIC SKILLS

Punctuality, Good Communication Skills, Creative Thinker and Developer, Teamwork Spirit
